Assurant Health AccessSM

Choose from three benefit levels to meet your needs

Having Access PaysSM

When you spend your hard-earned dollars on a health plan, you want your money's worth. Sometimes it's hard to see a reason to pay the pricey premiums and high deductibles of traditional major medical plans. Now there's another option – Assurant Health AccessSM plans. With these plans, you'll see how Having Access Pays.

Unlike traditional health plans, where you pay deductibles and copays before the plan pays anything, **Assurant Health Access benefits start right away**, with the plan paying a set cash amount when you receive services like doctor office visits, prescriptions and hospital stays. You'll be able to visit the doctor, ID card in hand, and get help paying for your health care costs.

You can depend on Assurant Health – for 115 years, we've been taking care of people just like you.

You get more for your money with Assurant Health Access

When you pay for a health plan, you should be able to use it. With Assurant Health Access, you get access to the health care system, more for your money and a dedicated service team. Here's how to maximize your plan's benefits.

- Call **Patient Care**, your independent health care advocacy service, for **cost and quality information on doctors and facilities**
- Save more with **Assurant Health network discounts** when you choose a network physician and have us pay cash benefits to your providers
- Use **Health Payment Advocates** for **help negotiating discounts and setting up payment plans on outstanding medical bills**

It's easy to qualify for Assurant Health Access.
You just answer a few medical questions.

How *you* save with Assurant Health Access

In addition to cash payments that help you pay for medical services, Assurant Health Access helps you get more for your money through savings on out-of-pocket expenses. These **network discounts** apply even if you exceed your plan limits.

- Save an average of 40% at more than 600,000 health professionals (and an average of 25% on all eligible services) when you use MultiPlan, the largest network in the country, and have us pay your providers
- Save on office visits at retail health clinics — as low as \$65 per visit, including lab work
- Save an average of 30-40% on prescriptions with your Medco® card
- Save up to 60% on outpatient lab services

With Assurant Health Access, you choose from **three levels** of benefits that matter the most, like prescriptions, office visits, hospitalization, surgery and lifetime maximum.

Value

For access to everyday health care and Assurant Health discounts, choose the affordability of Value.

- Access to network and prescription discounts
- Benefits for two office visits each year
- Benefits for preventive care and unexpected illnesses and injuries

Fundamentals

Fundamentals will help you pay for doctor visits, prescriptions and hospital charges for both preventive care and sicknesses. It includes everything in Value *plus*

- Cash benefits for prescriptions
- Two more office visits per year
- Increased benefits for unexpected illnesses and injuries

Enhanced

For a higher level of insurance benefits but still no deductible, choose Enhanced. It includes everything in Fundamentals *plus*

- Higher cash benefits for brand-name prescriptions
- Higher cash benefits for each office visit
- Higher level benefits for unexpected illnesses and injuries, especially for hospitalization and surgery

No matter which benefit level you choose, you'll appreciate getting the benefits you and your family need from Assurant Health Access.

Have the confidence that comes from showing your ID card — and getting *access* to the services you need.

Save money up front by asking Patient Care for cost information on doctors and facilities.

Save money afterward by asking Health Payment Advocates (HPA) to negotiate a reduction in the amounts you may owe after you seek care.

In this example, HPA would help you save an extra \$143!

Amounts based on Assurant Health claims data. Results may vary.

Choose from three options so you find the right benefits for your needs and budget.

All plans bring you access to health care and **more for your money**. Depending on the level you choose, your plan will pay the benefit amounts listed when you seek care.

In certain states, membership in Health Advocates Alliance is required in order to buy this insurance. Fees paid for membership in Health Advocates Alliance are used for benefits, marketing, distribution and administrative expenses. Assurant Health may also realize some benefit from these fees.

*The surgical services benefit is determined by the CPT code for the procedure. Unlike Medicare, you may be responsible for the difference between the physician charge and the plan benefit payment. For help maximizing your plan's benefits, call Patient Care or Assurant Health. Call HPA for help negotiating discounts and payment plans on amounts you may owe.

All benefits are subject to your contract's terms and limitations.

Frequently asked questions about Assurant Health Access

Q. What does the application process entail?

A. Applying is easy. You just answer a few medical questions.

Q. What are fixed benefits?

A. Fixed benefits are set cash amounts paid to you or your health care providers after you receive services eligible for benefits. Fixed benefit amounts are not the same as copays. You may have an amount left to pay after your plan pays the fixed benefits.

Q. Do I have to wait to receive benefits?

A. No, with Assurant Health Access there's no wait to take advantage of your plan's benefits. You'll get access to network discounts, assistance from Patient Care advocates, benefit payments for services you receive and much more right away. In cases of pre-existing conditions, the plan will pay benefits related to the condition after you have been insured for 12 months.

Q. How can I save the most money with my plan?

A. Assurant Health Access plans provide you with many ways to save:

- Ask Patient Care for information on lower cost doctors and facilities
- Use health care providers in the MultiPlan network and visit cost-saving retail clinics
- Have Assurant Health pay your plan benefits to network providers so you receive network discounts
- Ask Health Payment Advocates for help negotiating discounts and payment plans on outstanding bills

In addition, you'll save money by making informed decisions. Be sure to ask your doctor for pricing information and cost-saving treatment recommendations.

Q. Does Assurant Health Access pay benefits for preventive care or only for sickness and injury?

A. Assurant Health Access includes benefits that help keep you well and help you pay for care if you're sick or injured. Rest assured that your plan will pay fixed cash benefits when you receive preventive services such as annual exams, well-child care, immunizations, mammograms, Pap tests, PSA tests and other screenings up to the calendar year maximum.

Q. How can Patient Care help?

A. Your plan includes access to Patient Care advocates who can help you identify ways to save money on health care expenses. They'll help you find physicians in your network, compare prices and quality ratings of doctors and facilities and educate you on ways to make the most of your plan's benefits. Patient Care also can help you work through any medical claims or billing issues.

Q. What services does Health Payment Advocates (HPA) offer?

A. The independent advocates at HPA can help you save money on outstanding medical bills by negotiating the amount you owe or by creating payment plans with your medical providers. HPA advocates also review bills for accuracy and application of correct network discounts. HPA saves Assurant Health Access customers an average of \$450 per successful case!

Q. Will I still receive discounts if I reach my plan's limits?

A. Yes. Even if you exceed your plan's limits, you'll still have access to network discounts and opportunities to save money through Patient Care and Health Payment Advocates.

Assurant Health Access fixed-benefit plans

As a fixed-benefit plan, Assurant Health Access pays a set cash amount when you receive a particular service, regardless of what your provider charges you. With this plan you also have the option to have us pay the doctor directly so you can take advantage of network discounts.

Knowing exactly what your plan does and doesn't provide benefits for is important. Use the following summary of what is not eligible for benefits so you know the details. Complete information, which varies by state, will be included in your insurance contract.

- Treatment for behavioral modification or behavioral (conduct) problems; learning disabilities; developmental delays; attention deficit disorders; hyperactivity; educational testing, training or materials; memory improvement; cognitive enhancement or training; vocational or work-hardening programs and transitional living
- Growth hormone stimulation treatment to promote or delay growth
- Treatment for TMJ and/or CMJ and certain jaw/tooth disorders
- Services incurred due to a pre-existing condition for the first 12 months the plan is in force

Exclusion for Value only:

- Charges for dispensation or fulfillment of prescription drugs

All Assurant Health Access plans are fixed-indemnity plans with limited benefits. This means they are not major medical insurance plans. Fixed-indemnity benefits are provided for hospital confinement and specified medical and surgical events. These benefits are paid in specific amounts for covered events without regard to the costs of services rendered. This plan does not provide expense reimbursement for charges based on the health care provider's bill. Benefits and availability vary by state. Benefits are paid per covered person.

State-specific information

Please see the section for your state below to learn how your plan may differ from the plans described in this brochure.

OKLAHOMA:

State-specific product form number: 292.CER.OK

Pre-existing condition definition:

A sickness or an injury and related complications:

1. for which medical advice, diagnosis, care or treatment was received or recommended from a provider or prescription drugs were prescribed during the 6-month period immediately prior to your effective date, regardless of whether the condition was diagnosed, misdiagnosed or not diagnosed; or
2. that produced signs or symptoms during the 6-month period immediately prior to your effective date.

The signs or symptoms were significant enough to establish manifestation or onset by one of the following tests:

- a. The signs or symptoms reasonably should have allowed or would have allowed one learned in medicine to diagnose the condition; or
- b. The signs or symptoms reasonably should have caused or would have caused an ordinarily prudent person to seek diagnosis or treatment.

We will not pay benefits for charges incurred due to a pre-existing condition or its complications until you have been continuously insured under the plan for 12 months. After the 12-month period, benefits are paid for a pre-existing condition as long as the covered event occurs while the plan is in force.

TEXAS:
